**Application for Inactive Status and
Annual Renewal of Inactive Status**

A registered dental hygienist or a dentist may place a license on inactive status. A dentist or dental hygienist on inactive status shall be excused from paying renewal fees for license but shall pay the annual inactive status renewal fee. Inactive status allows the licensee to receive all Board mailings. To maintain inactive status, the inactive status renewal application and \$40 application fee must be received by the Board by December 31st annually.

While on inactive status, the licensee may not engage in the practice of dentistry or dental hygiene in the state until the individual submits a reinstatement application, pays the application fee, and meets any additional requirements established by rule of the Board. Continuing education is not required while the licensee remains on inactive status, However, continuing education is required to reinstate a license.

Reinstatement of Inactive License: Once a dental or dental hygiene license is placed on inactive status, the process and requirements to reinstate the license are listed below. To restore an inactive license to active status, the licensee shall submit the reinstatement application to the board on a form provided by the board, accompanied by evidence that the licensee has completed the required number of hours of approved continuing education within the last two years preceding application.

Once the application and fee have been received by the Board, the applicant will be sent criminal background check fingerprint cards with instructions. Processing this information may take up to 14 business days. All forms can be printed from the Board's website above. Additional requirements of reinstatement include:

- Proof that the **dental** applicant has completed 32 hours of continuing education in accordance with Administrative Rule § 20-02-01-06 or the **dental hygiene** applicant has completed 16 hours of continuing education in accordance with Administrative Rule § 20-04-01-08 within two years of application. CE must include 2 hours of infection control and ethics/jurisprudence.
- Proof that the applicant has successfully completed a cardiopulmonary resuscitation or basic life support course within two years of application. CPR courses taken online must include a "hands-on" component.
- Grounds for denial of the application under NDCC § 43-28-18 do not exist.
- The applicant must deliver to the board license verification from the examining or licensing board of every jurisdiction in which the individual is or was licensed to practice, certifying that the individual is or was licensed. A *License Verification Form* can be downloaded from the Board's web site.
- The applicant provides proof of employment in clinical dental practice (dentist – previous 5 years; hygienist – previous 3 years) or dental education. Examples of proof of employment; W-2's, notarized letter from employer, pay stubs.
- The applicant has passed the online examination (Jurisprudence Exam) on the laws and rules governing the practice of dentistry in this state administered by the board.
- If the applicant intends to provide anesthesia services, a separate application is required. Dental hygienists are not required to have a local anesthesia permit unless they intend to utilize this expanded function. See ND Administrative Code 20-02-01-05 for rules governing nitrous oxide inhalation therapy authorization and sedation / anesthesia authorization.
